SHARJEEL KHALID

SENIOR FRONTEND ENGINEER

Lahore, Pakistan | +92 322 4669050 | sharjeelkhalid416@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience delivering high-performance, accessible web and mobile applications. Strong in React, React Native, Next.js, and TypeScript, with hands-on experience building scalable component systems, integrating REST APIs, improving performance, and leading code reviews. Effective at turning product requirements into maintainable frontend architecture and reliable user experiences.

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer | Mar 2023 – Present

Tekxai

- Deliver responsive web and mobile products using React.js, Next.js, React Native, and TypeScript.
- Build reusable component systems and dashboard workflows with a focus on accessibility, performance, and long-term maintainability.
- Integrate REST APIs and collaborate with backend engineers to design, troubleshoot, and optimize application data flows.
- Lead technical delivery for mid-size projects through sprint planning, code reviews, architecture decisions, and mentoring junior developers.
- Implement CI/CD workflows and frontend testing practices to improve code reliability and support faster release cycles.

Frontend Developer | Apr 2021 – Mar 2023

Azi Solutions

- Started as a Software Engineering Intern, progressed to Associate Software Engineer, and later moved into a Frontend Developer role.
- Developed cross-platform interfaces with React.js and React Native, created reusable components, integrated REST APIs, and optimized application performance.
- Built user interfaces with Material UI, Tailwind CSS, and Bootstrap, and migrated frontend applications to Next.js.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, React Native, TypeScript
- **Backend:** Node.js, Express.js
- **Databases:** PostgreSQL, SQL, MongoDB
- **Testing:** Jest, React Testing Library, Vitest, Cypress, Playwright
- **DevOps & Tools:** Docker, Git, Bitbucket, CI/CD

PERSONAL PROJECTS

Republic Bespoke | republicbespoke.com

Developed a headless luxury-fashion storefront using Shopify Hydrogen + Storefront API, with responsive collection discovery, shopping cart, store information, and appointment journeys.

OnScreen Recorder | www.npmjs.com/package/onscreen-recorder

Published an npm screen-recording component built with React + TypeScript, with microphone and webcam support, customizable UI, and upload/download callbacks.

EDUCATION

Bachelor of Science in Computer Science, University of the Punjab | Lahore | Nov 2016 – Mar 2021
